COURSE

OFFERS

Our Highlands college tutors offer a relaxed and welcoming place where you can improve your confidence and ability in numeracy-based skills, literacy and language.

Each student will be offered a Jersey library card and a tour of the library.

When?

Courses start from the 18th of April 2023 and run for 12 weeks, every Tuesday from 6pm until 8pm.

Maths

Have you struggled with maths all your life? We would love to help you feel more confident in your numeracy skills, help your children with homework, improve your job prospects and overcome your maths' fear.

ESOL / Literacy

We would like to help you read and write with greater confidence, improve your language and literacy for day-to-day life, help your children with homework and improve your employment opportunities.

Digital

This programme will be delivered by Stephen from Jersey library to help with digital literacy skills.

How to apply?

Please email our friendly tutor Jo to book your free place
